SHIPPING & RETURN POLICY

SA DOMESTIC SHIPPING

1. Standard Shipping: R99.00 (3 - 5 Business Days)
2. Most Popular: FREE Shipping for all orders over R550.00 (3 - 5 Business Days)

For further information, review the link provided for each service.

We charge you less than the rate required to mail your package. You receive a tracking number through email when the shipment is confirmed.

Orders ship within 24 hours of purchase, Monday through Friday. Orders placed Saturdays and Sundays will ship at the earliest possible time during the following business weekdays. Although very rare, extenuating circumstances sometimes dictate that orders will be sent out between 24-48 hours after purchase.

The transit time for packages is 5 - 7 days. All transit and delivery time frames are estimates set by the applicable courier service. Delivery times are subject to holidays observed by the SA government, as well as adverse weather, traffic, or other delays that may cause the tracking to change accordingly.

International Orders: bioactive-aesthetica.com has no control over host nation import tax, and is not responsible or accountable for any taxes, duties, tariffs, quarantine fees, or package warehousing

fees assessed by your local customs office. All shipping costs are adequately covered by RS
Pharmaceutical Innovations at the time we ship it out.
